SUMMARY

Computer Science undergraduate with experience in MERN stack web development. Skilled in React.js, RESTful APIs, MongoDB, and MySQL. NPTEL Cloud Computing certified (Elite).

EXPERIENCE

Software Developer Intern | Acrylic Solutions Pvt. Ltd.

Mar 2025 - July 2025

- Built and maintained a MERN stack government web application supporting real-world use cases
- Implemented responsive frontend components using React.js, JavaScript, and Bootstrap
- Integrated RESTful APIs for dynamic data handling and user interactions
- Managed application data using MongoDB with Mongoose schemas
- Collaborated with cross-functional teams to deliver secure and scalable modules

PROJECTS

• StayHub

[Live Demo](#)

Developed a full-stack property booking web application using **React.js, JavaScript, Tailwind CSS, MongoDB, and MERN stack**, following **MVC architecture**. Implemented **CRUD operations** with **RESTful API integration**. Added **authentication and authorization** for secure user access. Designed a fully **responsive and intuitive user interface** optimized for multiple devices.

• Hotel Table Booking Management System

Developed a web-based hotel table booking system using **React.js, JavaScript, Tailwind CSS, CSS, and MySQL**. Implemented **CRUD operations** for reservation management. Built **Sign-up and Login functionality** with separate **Admin and User dashboards**. Designed a **responsive and user-friendly interface** optimized for multiple devices.

EDUCATION

2023 – 2027 (Pursuing)	B.Tech in CSD, MET Institute of Technology	(CGPA: 8.0/10)
2023	Class XII, HSC Board	(69.83%)
2021	Class X, SSC Board	(86.80%)

SKILLS

Technical Skills	HTML5, CSS3, JavaScript, React.js, Node.js, Express.js, Bootstrap, Tailwind CSS, Responsive Design, RESTful API Integration, Java
Databases	MongoDB, MySQL
Tools	Git, GitHub, VS Code

CERTIFICATIONS

- NPTEL Certification - Cloud Computing (Elite), IIT Kharagpur (12 Weeks)
- Participated in Aavishkar 2024–25, Engineering and Technology category
